

10 Good Reasons To Choose Robseal:

1. **Pedigree** - Still owned by the family that started the business in 1963, many of our installers have been with us for over 20 years. During which time Robseal have completed many of the industry's flagship installations such as Olympia and the Millennium Dome. In 1998 Robseal received Investors in People accreditation.
2. **Experience** - Probably the most experienced installer of single ply in the UK today - having pioneered most of the leading brands.
3. **Qualified Workforce** - Uniquely ALL Foreman and Fixers are NVQ level 2 qualified in applied water proofing. Guaranteeing skilled workers only for your project.
4. **Health & Safety** - As members of the Construction Health & Safety Group our IOSH SP safety team oversee an unsurpassed continuous safety regime for all staff.
5. **Capacity** - 27 installation teams, all PAYE employed using no sub-contract labour. This is the largest workforce of its type in the UK.
6. **Comprehensive** - Robseal provide a complete 'cradle to grave' service, from system design, through project management, installation, guarantee issue and maintenance.
7. **Project Management** - The Contract Management Team oversee all quality and installation issues; plus provide bespoke design advice, method statements, drawings, prior risk assessment and meet all documentation requirements.
8. **Green Expertise** - As qualified installers of all major brands we can recommend which best suits your application, budget and performance criteria. We also advise on Green and Brown Roofs, Controlled Environment applications plus Environmentally Friendly requirements.
9. **Affiliations** - Founding members of the Single ply Roofing Association (SPRA) and have positively influenced the codes of practice that prevail today. Active members of the NFRC for over 25 years.
10. **Accreditation** - Robseal holds the Certificate of Commitment from Construction Skills and the government's Quality Contractor award.

In short Robseal have a dedication to training and staff motivation and commitment to staying abreast of all technological and product developments. This plus our complete involvement in maintaining quality practices throughout our industry are the qualities that Robseal can bring to your next project.

We look forward to working with you.
